TransferJet Consortium

TransferJet Consortium exhibits at Wireless Japan 2014

TransferJet Consortium will be exhibiting at Wireless Japan 2014 (May 28-30, 2014) held at Tokyo Big Sight in Japan.

At this exhibition, we will host TransferJet seminar.

The agenda covers:

- TransferJet Format roadmap achieving "higher speed"
- API specification for TransferJet USB adapter

The Consortium will exhibit the demonstrations of TransferJet and Wireless LAN SD card collaborating with SD Association (SDA), and visitors are able to experience the benefits of each wireless technology. This is a part of the activities based on the collaboration agreement between both parties.

We are welcome to promote the technology jointly with other standardizing / industrial entities. We look forward to seeing all of you.

Period: May 28-30, 2014
Location: Tokyo Big Sight, Japan
Booth: West Hall 3-4 / Booth W-33-03
Link: <http://www8.ric.co.jp/expo/wj/>
Seminar: "The Introduction and Application of TransferJet Technology"
(in Japanese)
Time schedule is available at the above link
